BLACK BLOOD I | Cellar Vineyard Shiraz | RRP \$79

Cellar Block – the home of the Black Sheep. Below the ground, the black, cracking clay remains is steadily producing intense, structure driven, textural wines year in year out.

ANCIENT EARTH | Shiraz | RRP \$50

This is super juice! It is a quintessential McLaren Vale Shiraz taken from a selection of some of our best Shiraz parcels.

JEKYLL & HYDE | Shiraz Viognier | RRP \$50

There aren't many times when adding a lighter colour leads to a darker one but the Jekyll is just that kind of paradox. By co-fermenting red Shiraz and white Viognier, the Viognier skins form more stable molecules, and thereby create a darker colour.

THE NIMBLE KING | Cabernet Sauvignon | RRP \$50

Like a big man completing a perfect pirouette our noble Black Sheep Cabernet is a confounding combination of both power and grace – a truly Nimble King.

ODDBALL THE GREAT | Saperavi | RRP \$150

Historical figures of significance and stature have sometimes had their names appended with the phrase "the Great". This is a commanding wine of depth and power that is available only in miniscule quantities in great years. Oddball the Great will be great drinking well into the future.
